E. W. Cade of Rotan will judge the show. Floyd Hall will serve as ring steward.

Halter classes will be the same as outlined in the state rules for 4-H Horse Shows. Performance classes will include junior and senior division. Junior members include ages 9 through 13, with senior members from 14 through 18. Entry fee is \$2.00 per class. A pre-4-H class will include youngsters under 9 yrs. of age.

Ribbons will be awarded to each entry. Special awards will be presented to the first place winners in each class. Trophies will be presented to the champion and reserve mare and gelding, outstanding showman, and high point horse.

The beauty contest was held during the Festival sponsored by the Hamlin Jaycees and Jaycee-ettes. Booths, miniature golf and concessions were operated by the Jaycees and their wives beginning at 1 p.m. The beauty contest was staged at 8 p.m.

The 30 contestants were presented on a stage constructed on three cotton trailers in City Park. A Hawaiian theme was used in decorations.

Entertainment included vocalist Mike Shivers, accompanied by Alvin Seaton on the guitar, and Judy Offield of Breckenridge, who did the hula with recorded accompaniment.

Muriel Don Smith was master of Ceremonies. James Wright was in charge of the lighting.

I don't know how it happened, but I was sitting under a tree out here on this Johnson grass farm yesterday afternoon and looked up and saw a newspaper floating down, must have fallen out of an airplane although it's the first time I've known it to happen, and I kept my eyes on it as it drifted down and memorized where it landed and after I got through resting walked over and picked it up.

According to the main headline on the front page, President Charles DeGaulle of France had just landed in Moscow for a visit with the Russian leaders, but what inter-

ested me was his first statement as he got off the plane.

"The whole universe," he said, "knows what importance is attached to the visit I am about to make."

I asked a neighbor what importance he attached to it and he said "Who's DeGaulle?" This got me to figuring, and I estimate you can safely say there are hundreds of thousands of Americans who don't know who DeGaulle is or didn't know he had landed in Russia, there are millions of South Americans in the same shape, millions of Russians, hundreds of millions of Asians and practically all of the Eskimos.

What it boils down to is a notice that the visit of DeGaulle looks bigger to DeGaulle than it does to the universe.

Miss Wells, 17, is the daughter of Mr. and Mrs. Bill R. Wells, 911 S. W. First. He is an independent oil operator.

She attended Cooper High School in Abilene and transferred to Hamlin High School in April, graduating with the class of 1966. She plans to attend Arlington State College in September.

However I suppose, and this makes him human which he wouldn't like, he is about like the rest of the race. Exaggeration is a fundamental trait of the human animal.

For example, when a teenager tells another teenager she'll never speak to her again, it means four or five hours, unless her telephone has been taken out.

And when a woman says, "I'll tell you one thing," get set for fifteen or twenty.

Yours faithfully,

Overwintered Boll Weevils Being Found

Overwintered Boll Weevils are now appearing in 36% of the 28 Cotton fields being checked by the Cotton Insect Survey Team in Jones County, according to a report this week by Jones County Agent, Kirby Clayton. Infestation counts run from 65-200 weevils per acre, says Clayton and in the majority of cases weevils are confined to areas adjoining hibernation quarters. Clayton says that spot spraying of these fields for control at this time, could prove most beneficial to the farmers and could prevent a buildup of weevils during late season.

Light infestations of aphids, plant bugs and fleahoppers were also reported in several of the fields, but were not severe and did not warrant poisoning at this time.

The Insect Survey Teams are working under the Supervision of Jones County Agent, Kirby Clayton and are being sponsored by The Rolling Plains Cotton Growers Inc.

County Cotton Farmers To Meet In Anson Tonight

There will be a meeting of extreme importance to all Jones County Cotton Farmers tonight (Thursday) in the County Court House in Anson, beginning at 8:00 p. m.

The meeting, sponsored by the Rolling Plains Cotton Growers, is the first of a series of 31 county meetings, which will be held in the Rolling Plains during the next 7 weeks, for the purpose of organizing local county cotton producers to begin to combat the problems of cotton.

Anyone who raises cotton

in Jones County recognizes that cotton is at the crossroads of a life of being King of the cash crops of the area. Synthetics, lost foreign export markets, domestic mill demand for a better quality cotton than we are in the habit of producing in this area, and many other problems are all posing a tremendous challenge to the economy of Jones County. A step by step plan for combating this challenge should be of keen interest to all farmers and businessmen.

Among topics to be discussed

ed at the meeting will be the Cotton Research and Promotion Act which has passed Congress and will be presented for a vote in referendum to all farmers sometime in the next few weeks.

Kirby Clayton, Jones County Agricultural Agent, will give a report of the latest insect situation as found by the survey teams working the county and answer any questions regarding control methods.

Also a director will be elected from Jones County to the area organization. Johnny Hansen of Avoca and Bill DeBusk of Anson are currently serving as directors. DeBusk's term expires this year and his position will be up for election for a 3 year term.

But the main purpose of the meeting will be to bring Jones County Farmers together for the purpose of beginning to attempt to work cotton out of a very hazardous position. Charles W. Stenholm, executive vice President, joins the directors of the RPCG in urging all farmers to attend this informative meeting.

Cotton Insect Field Meetings Set In Jones County

wintered weevils and flea-field meetings will be held in Jones County on July 8th and 11th, according to word this week from Jones County Agent, Kirby Clayton. The meetings, says Clayton, are being set up to discuss with farmers the 1966 recommendations for control of overwintered weevils and fleahoppers, and also to discuss the late season control program.

Meetings to be held in the immediate vicinity on Friday are: 9:30 a.m. Bill DeBusk Farm — 2 miles East of Plainview Store; 11:00 a.m. Burnia Red Farm — 1 mile South of Hamlin.

Band Records In

The record made by all Hamlin Bands is now available, according to band director Tim Jones.

The records will be distributed from 10 to 11 a. m. Friday at the high school band hall.

GIVES UP AMATEUR STATUS — Mark Smith, 20 year old golfer and son of Dr. and Mrs. M. L. Smith, joined the pro ranks as he accepted a Dodge Charger Monday. Smith hit a hole in one on number ten Sunday while playing in the Abilene Country Club Fourth of July partnership golf tournament. Using a six-iron, he hit the ball to within a few feet of the pin and the ball rolled in for the first ace of his golfing career. He waited until Monday to make the difficult decision. Soon to be a senior at the University of Texas, Smith decided

that he would not be playing in many tournaments since his plans are to enter medical school in a year if he is accepted. He said, "If I don't get in med school then I'll be going in the Army and won't be playing much golf anyway." His partner, Jimmy Inzer, was the one who talked him into playing in the Scotch Foursome Sunday. The fully equipped car was presented for the hole in one courtesy of Lovelady Dodge who have made the offer for three years without a winner until this year.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin — Everyone in the State, from Gov. John Connally on down to each rookie patrolman, did his best to hold down July 4th holiday deaths and accidents.

Now, with the long, tension-filled weekend behind, the State is taking a look at what's ahead for the 1967 Legislative session.

Among other things, Governor Connally wants a new, tough code of traffic laws — somewhat like the uniform traffic code. He wants money for more highway patrolmen, the present force of 725 being about one-third the number needed.

He also wants stringent penalties for convictions of driving while intoxicated, speeding and reckless driving — and a one-year license suspension "without opportunity for redemption" on second offense.

Atty. Gen. Waggoner Carr says the 1967 Legislature may want to take another look at the 1965 law change in college building appropriations.

As it now stands, seven state colleges will receive less revenue from the new 10-cent per \$100 ad valorem tax allocation for college construction than they did under the old five-cent rate.

These are Texas A & I, Texas Southern, Texas Woman's University, East Texas State, Sam Houston, West Texas State and Sul Ross. None can start new buildings in the next two years with what's now allocated to them.

State Water Pollution Control Board approved a committee of the Cattle Feeders Division, Texas and Southwest Cattle Raisers Association, which plans to ask the 1967 Legislature for a feed lot licensing law, tying in with water pollution control.

Committee members are Grady Shepard, Hale Center; James W. Witherspoon, Hereford; Alfred Negley, San Antonio; Fred Wulff, Brady; and Jack Curruthers, Friona.

Hereford Feed Yards, Inc., with which Witherspoon is associated, just received the

July 18, 1966, for the construction of the following item: CONTRACT NO. 66-1 WATER AND SEWER IMPROVEMENT

At this time and place the proposals will be publicly opened and read aloud. Any bid received after closing time will be returned unopened.

Copies of Plans, Specification, and Contract Documents are on file and may be examined without charge in the office of the City Secretary. Documents for Contracts may be procured from Freese, Nichols and Endress, Consulting Engineers, 508 Throckmorton Street, Fort Worth, Texas upon request. No deposit will be required.

A cashier's check, certified check or acceptable bidder's bond payable to the City of Hamlin, Texas, in an amount not less than five (5%) per cent of the bid submitted must accompany each bid as a guarantee that, if awarded the contract, the Bidder will, within ten (10) days of award of contract, enter into a contract and execute bonds on the forms provided in the Contract Documents.

Attention is called to the fact that not less than the prevailing wage rates as established by the City of Hamlin, Texas, and as hereinafter set forth in the Contract Documents hereinbefore described and which are made a part hereof, must be paid on this project.

A performance bond and a payment bond, each in amount of not less than one hundred (100%) per cent of the contract price, conditioned upon the faithful performance of the contract and upon payment of all persons supplying labor or furnishing materials, will be required.

In case of ambiguity or lack of clearness in stating proposal prices, the City of Hamlin, Texas, reserves the right to adopt the most advantageous construction thereof, or to reject any or all bids, and waive formalities. No bid may be withdrawn within thirty (30) days after date on which bids are opened.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
The weather is just like a broken record this Tuesday morning again, hot and dry, with the weather man predicting a high of 105 today, really sounds terrible.

We Fairview folks were all excited Sunday morning over having so many visitors in church services, certainly looks good to see a congregation again instead of a sprinkling of folks sitting here and there.

The Winslow Grays had all of their family with them, besides friends of their children, Bruce and Barry, Amarillo; Mr. and Mrs. Doyal Bills and two little daughters, Houston; Dorothy Gray, Amarillo; Mr. and Mrs. Lawrence Endtrect, and little son, Houston, friends of Doyal Bills.

Visiting with Mrs. Newland was her granddaughter, Cathy Fininis, who lives in Illinois.

Last but not least, it was wonderful to see the George Wainwrights in church, Mrs. Wainwright coming for Sunday School and Mr. Wainwright being there for preaching. Since he has been so ill recently, he is weak but is recovering a little more each day.

We almost forgot to mention little Randy Wright being in Sunday School with his grandparents, the Holmes.

Nancy Ford spent the weekend at home from college at Denton, bringing a friend home with her, Vickie Curd, a resident of Kentucky.

Miss Curd came to attend the rodeo at Stamford. It seems that she finds lots of things different than in her native

state.
Sherri and Cathy Combs spent Friday with the Goodwins, their mother and daddy coming Friday night and spending the night, after working in Hamlin all day.

Mrs. Mary Sue Henry, Rule, spent Sunday afternoon with Mr. and Mrs. Henry.

Mrs. Woodrow Goodwin and Linda and Mrs. Elmer Joiner went to Abilene last Monday and visited with Mrs. Lois Hampton. Since she had some trouble with her leg she was not feeling up to par.

Several of the ladies from Hamlin went to Anson Tuesday afternoon to the Fellowship Hall of the First Baptist Church, to hear the talk on Emotional Problems, and what can be done about them, by Dr. Max Leach. He is professor of Psychiatry at Abilene Christian College. Those attending received a treat, for Dr. Leach was a very interesting speaker, making us realize that his work is not as complicated as it might sound. He brought out the fact that only if we try to do for ourselves can we receive help with our emotional problems.

OLD GLORY...

By Judy White

Miss Johanna Rosa Engelking, a former teacher in this area, died in a Houston Hospital Tuesday, June 21, at the age of 86 years. Funeral services were held in Pete E. Etlinger Funeral Home chapel, June 23, with interment in the Sealy cemetery. Dr. E. Hermond Westmoreland of

Mr. and Mrs. Holmes and Melody, Big Spring, came Sunday to visit with his parents over the holiday. Mrs. Holmes returning home and Mr. Holmes and the little daughter staying until Thursday. Other visitors on the 4th were the Jack Wrights, Abilene.

The Jack Wrights are on vacation this week, going to Jal, New Mex. Tuesday, where they will visit relatives then later will tour the Carlsbad Caverns.

Buck Joiner and son, Charles, of Odessa spent Saturday night with the Elmer Joiners. Sunday morning the men went to Hubbard Creek Lake, for some fishing over the 4th. Taking advantage of having a key and an invitation, they used the cabin of the Roy Taylors, of Muleshoe. Monday morning Mrs. Joiner, Mrs. Woodrow Goodwin, Linda, and Jeannie Young went down to spend the day and eat fish. We ate lunch but did not eat fish, which happens most every time, but did have a nice day roasting in the heat. It seems that down Breckenridge way gets unusually hot every time we venture down there in the summer. Buck and Charles returned home to Odessa, Tuesday morning, having had a short vacation but not eating any fish.

Houston officiated.

She was a member of the South Main Baptist Church of Houston and made her home at the Rice Hotel since 1924.

Miss Engelking taught in the Old Brandenburg School here in about 1912. She also taught in several schools in Stonewall County. She occasionally visited friends here throughout the years.

She held a Bachelor of Arts Degree from Baylor University; attending Leland Stanford University of Palo Alto, Calif.; received her Master's Degree Cumlaude. She was charter member of the Baylor University Loyalty Group; member of the Ex-Student Assn. of Baylor; the Baylor Historical Society and the Houston Baylor Club. She also belonged to the Daughters of the Republic of Texas and the U. D. C. s.

Miss Engelking began her teaching career in Washington County in 1900, she followed the profession for fifty years. She taught 27 years in the Junior High Schools of Houston where she retired in June 1950.

Roy Wienke of Lubbock spent several days here last week visiting his mother, Mrs. W. G. Wienke.

Members of Old Glory Hermann Sons Lodge No. 228 enjoyed a basket supper after their regular meeting at the Lodge Hall last Sunday afternoon. Many visitors also were present.

Mrs. Katie Gerloff accompanied her sister, Mrs. Roy Wienke of Lubbock to Waco last weekend where they attended the Hertenberger family reunion. Mr. and Mrs. Beno Hertenberger also attended the reunion.

Mrs. Bernice White and Judy were in Abilene last Thursday. They also visited Mr. and Mrs. V. R. Leverett, Sharon and Jimmy, at Patosi that day.

Judy Sander spent several days in Abilene last week visiting her sister and her husband, Mr. and Mrs. Jimmy True.

Variety Club
The Variety Club met in the home of Mrs. Lynn Flowers. Eight members and two visitors Sgt. Etta Hickman and Ruby House of Stamford were present.

Sgt. Hickman showed slides of her tours of Holland and presented a very interesting and informative program.

The next meeting will be in the home of Mrs. Cliff Ghoslon on Tuesday, July 12.

Visitors in the home of Mr. and Mrs. Charlie Letz last weekend were their son and family, Mr. and Mrs. Roger Letz, Roger Clayton and Kathy Lu, of Fort Worth; and another son and wife, Mr. and Mrs. Tommy Letz of Abilene. The Tommy Letz's also visited her parents, Mr. and Mrs. Carlton Pierce.

Miss Laura Mary Neumann of Slaton sister of John V. Neumann of this community, died in Methodist Hospital in Lubbock last Saturday night as the result of injuries received in an auto collision Saturday afternoon at Slaton.

The Church Building

This is only a building, but it is a special building for it is the worship place for God's people. It is a place where one may go to study and hear God's word preached.

"...faith cometh by hearing, and hearing by the word of God."

If there are unanswered questions in your mind... go... seek... and find God in his house this Sunday.

★ ★ ★ ★

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Finds A Few Flaws In Statements by Gen. De Gaulle and Some Others

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes a certain look at human nature in his letter this week. The ideas are his, not ours. Dear editor:

I don't know how it happened, but I was sitting under a tree out here on this Johnson grass farm yesterday afternoon and looked up and saw a newspaper floating down, must have fallen out of an airplane although it's the first time I've known it to happen, and I kept my eyes on it as it drifted down and memorized where it landed and after I got through resting walked over and picked it up.

According to the main headline on the front page, President Charles DeGaulle of France had just landed in Moscow for a visit with the Russian leaders, but what inter-

ested me was his first statement as he got off the plane. "The whole universe," he said, "knows what importance is attached to the visit I am about to make."

I asked a neighbor what importance he attached to it and he said "Who's DeGaulle?"

This got me to figuring, and I estimate you can safely say there are hundreds of thousands of Americans who don't know who DeGaulle is or didn't know he had landed in Russia, there are millions of South Americans in the same shape, millions of Russians, hundreds of millions of Asians and practically all of the Eskimos.

What it boils down to is a notice that the visit of DeGaulle looks bigger to DeGaulle than it does to the universe.

However I suppose, and this makes him human which he wouldn't like, he is about like the rest of the race. Exaggeration is a fundamental trait of the human animal.

For example, when a teenager tells another teenager she'll never speak to her again, it means four or five hours, unless her telephone has been taken out.

And when a woman says, "I'll tell you one thing," get set for fifteen or twenty.

Overwintered Boll Weevils Being Found

Overwintered Boll Weevils are now appearing in 36% of the 28 Cotton fields being checked by the Cotton Insect Survey Team in Jones County, according to a report this week by Jones County Agent, Kirby Clayton. Infestation counts run from 65-200 weevils per acre, says Clayton and in the majority of cases weevils are confined to areas adjoining hibernation quarters. Clayton says that spot spraying of these fields for control at this time, could prove most beneficial to the farmers and could prevent a buildup of weevils during late season.

Light infestations of aphids, plant bugs and fleahoppers were also reported in several of the fields, but were not severe and did not warrant poisoning at this time.

The Insect Survey Teams are working under the Supervision of Jones County Agent, Kirby Clayton and are being sponsored by The Rolling Plains Cotton Growers Inc.

County Cotton Farmers To Meet In Anson Tonight

There will be a meeting of extreme importance to all Jones County Cotton Farmers tonight (Thursday) in the County Court House in Anson, beginning at 8:00 p. m.

The meeting, sponsored by the Rolling Plains Cotton Growers, is the first of a series of 31 county meetings, which will be held in the Rolling Plains during the next 7 weeks, for the purpose of organizing local county cotton producers to begin to combat the problems of cotton.

Anyone who raises cotton

in Jones County recognizes that cotton is at the crossroads of a life of being King of the cash crops of the area. Synthetics, lost foreign export markets, domestic mill demand for a better quality cotton than we are in the habit of producing in this area, and many other problems are all posing a tremendous challenge to the economy of Jones County. A step by step plan for combating this challenge should be of keen interest to all farmers and businessmen.

Among topics to be discussed

at the meeting will be the Cotton Research and Promotion Act which has passed Congress and will be presented for a vote in referendum to all farmers sometime in the next few weeks.

Kirby Clayton, Jones County Agricultural Agent, will give a report of the latest insect situation as found by the survey teams working the county and answer any questions regarding control methods.

Also a director will be elected from Jones County to the area organization. Johnny Hansen of Avoca and Bill DeBusk of Anson are currently serving as directors. DeBusk's term expires this year and his position will be up for election for a 3 year term.

But the main purpose of the meeting will be to bring Jones County Farmers together for the purpose of beginning to attempt to work cotton out of a very hazardous position. Charles W. Stenholm, executive vice President, joins the directors of the RPLC in urging all farmers to attend this informative meeting.

Cotton Insect Field Meetings Set In Jones County

wintered weevils and flea-field meetings will be held in Jones County on July 8th and 11th, according to word this week from Jones County Agent, Kirby Clayton. Meetings to be held in the immediate vicinity on Friday are: 9:30 a.m. Bill DeBusk Farm — 2 miles East of Plainview Store; 11:00 a.m. Burnia Red Farm — 1 mile South of Hamlin.

GIVES UP AMATEUR STATUS — Mark Smith, 20 year old golfer and son of Dr. and Mrs. M. L. Smith, joined the pro ranks as he accepted a Dodge Charger Monday. Smith hit a hole in one on number ten Sunday while playing in the Abilene Country Club Fourth of July partnership golf tournament. Using a six-iron, he hit the ball to within a few feet of the pin and the ball rolled in for the first ace of his golfing career. He waited until Monday to make the difficult decision. Soon to be a senior at the University of Texas, Smith decided

that he would not be playing in many tournaments since his plans are to enter medical school in a year if he is accepted. He said, "If I don't get in med school, then I'll be going in the Army and won't be playing much golf anyway." His partner, Jimmy Inzer, was the one who talked him into playing in the Scotch Foursome Sunday. The fully equipped car was presented for the hole in one courtesy of Lovelady Dodge who have made the offer for three years without a winner until this year.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin — Everyone in the State, from Gov. John Connally on down to each rookie patrolman, did his best to hold down July 4th holiday deaths and accidents.

Now, with the long, tensioned weekend behind, the State is taking a look at what's ahead for the 1967 Legislative session.

Among other things, Governor Connally wants a new, tough code of traffic laws — somewhat like the uniform traffic code. He wants money for more highway patrolmen, the present force of 725 being about one-third the number needed.

He also wants stringent penalties for convictions of driving while intoxicated, speeding and reckless driving — and a one-year license suspension "without opportunity for redemption" on second offense.

Atty. Gen. Waggoner Carr says the 1967 Legislature may want to take another look at the 1965 law change in college building appropriations.

As it now stands, seven state colleges will receive less revenue from the new 10-cent per \$100 ad valorem tax allocation for college construction than they did under the old five-cent rate.

These are Texas A & I, Texas Southern, Texas Woman's University, East Texas State, Sam Houston, West Texas State and Sul Ross. None can start new buildings in the next two years with what's now allocated to them.

State Water Pollution Control Board approved a committee of the Cattle Feeders Division, Texas and Southwest Cattle Raisers Association, which plans to ask the 1967 Legislature for a feed lot licensing law, tying in with water pollution control.

Committee members are Grady Shepard, Hale Center; James W. Witherspoon, Hereford; Alfred Negley, San Antonio; Fred Wulff, Brady; and Jack Carruthers, Friona. Hereford Feed Yards, Inc., with which Witherspoon is associated, just received the

July 18, 1966, for the construction of the following item: **CONTRACT NO. 66-1 WATER AND SEWER IMPROVEMENT**

At this time and place the proposals will be publicly opened and read aloud. Any bid received after closing time will be returned unopened.

Copies of Plans, Specification, and Contract Documents are on file and may be examined without charge in the office of the City Secretary. Documents for Contracts may be procured from Freese, Nichols and Endress, Consulting Engineers, 508 Throckmorton Street, Fort Worth, Texas upon request. No deposit will be required.

A cashier's check, certified check or acceptable bidder's bond payable to the City of Hamlin, Texas, in an amount not less than five (5%) per cent of the bid submitted must accompany each bid as a guarantee that, if awarded the contract, the Bidder will, within ten (10) days of award of contract, enter into a contract and execute bonds on the forms provided in the Contract Documents.

Attention is called to the fact that not less than the prevailing wage rates as established by the City of Hamlin, Texas, and as hereinafter set forth in the Contract Documents heretofore described and which are made a part hereof, must be paid on this project.

A performance bond and a payment bond, each in amount of not less than one hundred (100%) per cent of the contract price, conditioned upon the faithful performance of the contract and upon payment of all persons supplying labor or furnishing materials, will be required.

In case of ambiguity or lack of clearness in stating proposal prices, the City of Hamlin, Texas, reserves the right to adopt the most advantageous construction thereof, or to reject any or all bids, and waive formalities. No bid may be withdrawn within thirty (30) days after date on which bids are opened.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
The weather is just like a broken record this Tuesday morning again, hot and dry, with the weather man predicting a high of 105 today, really sounds terrible.

We Fairview folks were all excited Sunday morning over having so many visitors in church services, certainly looks good to see a congregation again instead of a sprinkling of folks sitting here and there.

The Winslow Grays had all of their family with them, besides friends of their children, Bruce and Barry, Amarillo; Mr. and Mrs. Doyal Bills and two little daughters, Houston; Dorothy Gray, Amarillo; Mr. and Mrs. Lawrence Endriest, and little son, Houston, friends of Doyal Bills.

Visiting with Mrs. Newland was her granddaughter, Cathy Fininis, who lives in Illinois.

Last but not least, it was wonderful to see the George Wainwrights in church, Mrs. Wainwright coming from Sunday School and Mr. Wainwright being there for preaching. Since he has been so ill recently, he is weak but is recovering a little more each day.

We almost forgot to mention little Randy Wright being in Sunday School with his grandparents, the Holmes.

Nancy Ford spent the weekend at home from college at Denton, bringing a friend home with her, Vickie Curd, a resident of Kentucky. Miss Curd came to attend the rodeo at Stamford. It seems that she finds lots of things different than in her native

state.

Sherri and Cathy Combs spent Friday with the Goodwins, their mother and daddy coming Friday night and spending the night, after working in Hamlin all day.

Mrs. Mary Sue Henry, Rule, spent Sunday afternoon with Mr. and Mrs. Henry.

Mrs. Woodrow Goodwin and Linda and Mrs. Elmer Joiner went to Abilene last Monday and visited with Mrs. Lois Hampton. Since she had some trouble with her leg she was not feeling up to par.

Several of the ladies from Hamlin went to Anson Tuesday afternoon to the Fellowship Hall of the First Baptist Church, to hear the talk on Emotional Problems, and what can be done about them, by Dr. Max Leach. He is professor of Psychiatry at Abilene Christian College. Those attending received a treat, for Dr. Leach was a very interesting speaker, making us realize that his work is not as complicated as it might sound. He brought out the fact that only if we try to do for ourselves can we receive help with our emotional problems.

OLD GLORY...

By Judy White

Miss Johanna Rosa Engelking, a former teacher in this area, died in a Houston Hospital Tuesday, June 21, at the age of 86 years. Funeral services were held in Pete E. Ellinger Funeral Home chapel, June 23, with interment in the Sealy cemetery. Dr. E. Hermond Westmoreland of

Mr. and Mrs. Holmes and Melody, Big Spring, came Sunday to visit with his parents over the holiday. Mrs. Holmes returning home and Mr. Holmes and the little daughter staying until Thursday. Other visitors on the 4th were the Jack Wrights, Abilene.

The Jack Wrights are on vacation this week, going to Jal, New Mex. Tuesday, where they will visit relatives then later will tour the Carlsbad Caverns.

Buck Joiner and son, Charles, of Odessa spent Saturday night with the Elmer Joiners. Sunday morning the men went to Hubbard Creek Lake, for some fishing over the 4th. Taking advantage of having a key and an invitation, they used the cabin of the Roy Taylors, of Muleshoe. Monday morning Mrs. Joiner, Mrs. Woodrow Goodwin, Linda, and Jeannie Young went down to spend the day and eat fish. We ate lunch but did not eat fish, which happens most every time, but did have a nice day roasting in the heat. It seems that down Breckenridge way gets unusually hot every time we venture down there in the summer. Buck and Charles returned home to Odessa Tuesday morning, having had a short vacation but not eating any fish.

Houston officiated.

She was a member of the South Main Baptist Church of Houston and made her home at the Rice Hotel since 1924.

Miss Engelking taught in the Old Brandenburg School here in about 1912. She also taught in several schools in Stonewall County. She occasionally visited friends here throughout the years.

She held a Bachelor of Arts Degree from Baylor University; attending Leland Stanford University of Palo Alto, Calif.; received her Master's Degree Cumlaude. She was charter member of the Baylor University Loyalty Group; member of the Ex-Student Assn. of Baylor; the Baylor Historical Society and the Houston Baylor Club. She also belonged to the Daughters of the Republic of Texas and the U. D. C.'s.

Miss Engelking began her teaching career in Washington County in 1900, she followed the profession for fifty years. She taught 27 years in the Junior High Schools of Houston where she retired in June 1950.

Roy Wienie of Lubbock spent several days here last week visiting his mother, Mrs. W. G. Wienie.

Members of Old Glory Hermann Sons Lodge No. 228 enjoyed a basket supper after their regular meeting at the Lodge Hall last Sunday afternoon. Many visitors also were present.

Mrs. Katie Gerloff accompanied her sister, Mrs. Roy Wienie of Lubbock to Waco last weekend where they attended the Hertenberger family reunion. Mr. and Mrs. Beno Hertenberger also attended the reunion.

Mrs. Bernice White and Judy were in Abilene last Thursday. They also visited Mr. and Mrs. V. R. Leverett, Sharon and Jimmy, at Patosi that day.

Judy Sander spent several days in Abilene last week visiting her sister and her husband, Mr. and Mrs. Jimmy True.

Variety Club
The Variety Club met in the home of Mrs. Lynn Flowers. Eight members and two visitors Sgt. Etta Hickman and Ruby House of Stamford were present.

Sgt. Hickman showed slides of her tours of Holland and presented a very interesting and informative program.

The next meeting will be in the home of Mrs. Cliff Gholson on Tuesday, July 12.

Visitors in the home of Mr. and Mrs. Charlie Letz last weekend were their son and family, Mr. and Mrs. Roger Letz, Roger Clayton and Kathy Lu, of Fort Worth; and another son and wife, Mr. and Mrs. Tommy Letz of Abilene. The Tommy Letz's also visited her parents, Mr. and Mrs. Carlton Pierce.

Miss Laura Mary Neumann of Slaton sister of John V. Neumann of this community, died in Methodist Hospital in Lubbock last Saturday night as the result of injuries received in an auto collision Saturday afternoon at Slaton.

The Church Building

This is only a building, but it is a special building for it is the worship place for God's people. It is a place where one may go to study and hear God's word preached.

"...faith cometh by hearing, and hearing by the word of God."

If there are unanswered questions in your mind...go...seek...and find God in his house this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
